DAVE MAYNARD

WEB DEVELOPER & SOFTWARE ENGINEER

PROFILE

I'm an ambitious web developer with several years of experience creating functional, responsive websites and applications. I've worked closely with teams of designers and back-end developers, demonstrating the ability to communicate effectively with others in a fast-paced, agile environment.

EXPERIENCE

LEAD FRONT-END WEB DEVELOPER

Sagepath | 2017 - 2020

I lead a team to develop component-based websites with designers and other developers. We created responsive solutions using HTML, Sass, Less, JavaScript, Vue JS, AnimeJS, Ionic, Handlebars, Grunt, Gulp, and WordPress.

FRONT-END WEB DEVELOPER

Insight Global | 2016

I developed part of a web application using Angular JS 2, TypeScript, HTML, and Sass. I also wrote providers that make HTTP requests to Java RESTful microservices.

FRONT-END WEB DEVELOPER

LINDY Interactive | 2015

I worked with a team of designers to develop several websites using WordPress, HTML, CSS, and jQuery.

WEB DEVELOPER

SA IT Services | 2014

I converted my automation software into a web application using C#.NET, ASP.NET, HTML, CSS, jQuery, PowerShell, AJAX, Active Directory, Exchange, and Lync.

SOFTWARE ENGINEER

SA IT Services | 2013

I created a piece of ETL automation software using Visual C# that performed batch data entry 5X faster than manually possible.
